

Determinants of Interregional Competition of Subjects of Russian Federation

Kazan Federal University, 420008, Kremlevskaya 18, Kazan, Russia

Abstract

© Published under licence by IOP Publishing Ltd. In the article, problems of the analysis of competitiveness of subjects of the Russian Federation at the level of the national market of the country are considered. For a research of indicators and dynamics of competitiveness of certain territorial subjects of the Russian Federation, the methodology and tools of the theory of the interregional markets of the country developed by one of authors of the article are used. On the basis of the known theory of competitiveness of M. Porter, the main directions of an increase of the competition in the interregional market of Russia are offered. Keywords: competitiveness, competitiveness determinants, interregional competition, interregional markets of the country.
